9:00 **Registration & Morning Networking**

9:30 – 9:45 **Day2 Objectives and Format**
Mr. Tom May & Dr. Yamamoto YaYa

#OnePlayTrueTeam Workshop: Stakeholders Engagement for the 2027 Code and International Standards

The Workshop is designed to give you the hands-on opportunity to provide your input and ideas for the 2027 World Anti-Doping Code and International Standards.

It is envisaged to have a wide range of opportunities to share your thoughts as NADOs/RADOs for the updates on the 2027 Code and International Standards. In the afternoon of Day1, you will be able to gain information on the focused points of the updates, timeline for engagement and consultation processes. Check in advance: [WADA launches first phase of 2027 World Anti-Doping Code and International Standards Update Process | World Anti Doping Agency \(wada-ama.org\)](#)

Participants will be split into two groups and will have the opportunity to provide input for both topics (Tier1-2 and Tier3-4, based on the Code Compliance Questionnaire). Mr. Tom May, Mr. Kenny Lee and Mr. Saravana Perumal S from WADA will be assisting both topics to facilitate meaningful input; and Mr. Gobi Nair from SEARADO will be the rapporteur and will share some outcomes from the workshop in the hybrid session in the afternoon.

Topic A – 2027 Code & IS Consultation: Inputs and Ideas (with Kevin Haynes)

- On Day1, Kevin will discuss the timeline and highlighted consultation points.
- The group will have the opportunity to provide input for updating the Code and International Standards (except for the ISE, as covered in Topic B).
- It is expected that the participants will have read the already published concept papers for the 2027 Code and ISs in advance and will bring their input and ideas for further improvement of the Code and ISs.

Topic B – International Standard for Education: Inputs and Ideas (with YaYa Yamamoto)

- On Day1, Yaya will highlight the significant points for updates, including the definitions and principles set out in the ISE.
- The group will have the opportunity to discuss how you would like to see the ISE upgraded.
- It is expected that the participants will be familiar with the principles and requirements of the ISE for contextual input during the Workshop.

9:45 – 11:00 **#Session 1**

Group 1
2027 Code & IS Consultation: Inputs and Ideas

Group 2
ISE: Inputs and Ideas

11:00 – 11:10 **Short Break / Changing Session**
